# 2004

## Biography

### Leah Zimmerman, PMP Praxis Engineering Technologies

Leah Zimmerman mentors, trains and consults in project management and project controls through Praxis Engineering Technologies. She specializes in earned value management, software configuration management, information security management and quality control. Ms. Zimmerman has over twenty years of project management experience in diverse projects, such as IT, shipbuilding, financial systems, and waste management. Leah has supported projects for the Canadian Navy, Canadian Coast Guard, U.S. Army, Department of State, Centers for Medicare and Medicaid, the Transportation Security Administration, and the Pennsylvania Department of Environmental Resources.

Ms. Zimmerman has been certified as a Project Management Professional by the Project Management Institute. The Association for the Advancement of Cost engineering has certified Leah as a CCC, Certified Cost Consultant. The American Society for Quality has certified Leah as a Software Quality Engineer. In addition, Leah is also a CISSP, Certified Information Systems Security Professional through the International Information Systems Security Certification Consortium.

She has presented papers and been published by the Association for the Advancement of Cost Engineering and the Association for Configuration and Management.

Leah lives in Maryland and teaches project management certification courses through the University of Maryland Baltimore County Training Center.
